

# MEMORANDUM

Office of Administration  
Division of Purchasing

**TO:** Teri Schulte TLS

**THROUGH:** Jennie Rees *JLR*

**FROM:** John D. Geiser JDG

**DATE:** March 30, 2023

**RE:** Cooperative Contract for Public Safety and Emergency Management Equipment, Tool, and Supply Catalog Solutions

The Office of Administration, Division of Purchasing, has found an existing cooperative contract between Sourcewell and Safeware Inc. which would meet the needs of the State of Missouri. The State of Missouri does not currently have a contract in place for Public Safety and Emergency Management Equipment, Tool, and Supply Catalog Solutions.

Section 34.046, RSMo, contains the following language, which authorizes the State of Missouri's use of such contract:

“...The commissioner of administration may also participate in, sponsor, conduct or administer a cooperative purchasing agreement whereby supplies are procured in accordance with a contract established by another governmental entity provided that such contract was established in accordance with the laws and regulations applicable to the establishing governmental entity.”

I have reviewed the contract established by Sourcewell and believe that it substantially meets the needs of the State of Missouri without significant alterations to the contract. Furthermore, the contractor, Safeware Inc., has agreed to the State of Missouri purchasing the Public Safety and Emergency Management Equipment, Tool, and Supply Catalog Solutions by utilizing the existing Sourcewell Cooperative contract.

For the above reasons, and because I am not aware of any other entity within the State of Missouri that could meet the needs of the State of Missouri agencies as it relates to the significant scope of the awarded Sourcewell contract, I am requesting approval to proceed with preparing a cooperative contract document using the Sourcewell cooperative contract with Safeware Inc. pursuant to section 34.046, RSMo.
